

Collaborative Session

- An interactive session
- Opinions, views, speculations, ideas....
- Allow for more interaction from the audience (active contributors – not passive contributors!)
- We are considering writing a paper which summarises the workshop – **an open access knowledge artifact from this workshop.**

3 Groups – Self Organising

- **Privacy, ethics and legal issues in VGI-Analytics** [Leader: Peter Mooney]
- **VGI Data Quality – where are we now, where are we going?** [Leader: Franz-Benjamin Mocnik]
- **Software and Technical Aspects and Challenges in VGI Analytics** [Leader: Levente Juhász]

3 Groups – Self Organising - Locations

- **Privacy, ethics and legal issues in VGI-Analytics** [Leader: Peter Mooney – [OUTSIDE – Forum Bridge](#)]
- **VGI Data Quality – where are we now, where are we going?** [Leader: Franz-Benjamin Mocnik – [Here – hallway side of room](#)]
- **Software and Technical Aspects and Challenges in VGI Analytics** [Leader: Levente Juhász – [Here – window side of the room](#)]

Structure of Discussions

- What are the most pertinent or urgent issues at this time?
- What are the current solutions, current methodologies, current research?
- What are the most important research topics or development issues for the near future?

Timing

- Maximum 60 minutes
- We have coffee break at 15:30 – 16:00

🕒 15:30 - 16:00 ☕ **COFFEE** (This is in parallel with the other workshops)

🕒 16:00 - 16:30 **Feedback and Discussion:** Short feedback and summary from each group leader. Discussions from the floor

🕒 16:30 - 17:00 ⌚ **Closing:** Workshop Closing - summary and overview of the day from the Workshop Chair. Plans for the future.

- **Please collect a list of people in your group**
– everyone's contribution to the discussion will be specifically highlighted and mentioned in the acknowledgements section of the paper/report.
