

Day 1 – Morning to Lunch

- Presentations
 - **NMCA (Dutch Kadastre)**, *“Crowdsourcing wins and losses – feedback and engagement is crucial”*
 - **Industry (ESRI)** *“A whole new type of GIS is emerging”*,
 - **Academic (Vryon Antoniou)** - *“VGI as a formal research topic is only 10 years old – but there are now a very wide spectrum of research issues”*
- Complimentary presentations – common themes – interesting questions.
- VGI Viewpoints –
 - **OSM** *“has A LOT to offer authoritative bodies – what can be offered in reverse? Endless possibilities, encourage integration”*
 - **Red Cross**: *“Mixing remote and local coordination and focus. “Digital Volunteers” rather than mappers. Requires specific things from VGI projects and government”*
 - **Finnish Land Survey**: New service. Positive feedback. Weekly dumps of data checked and integrated.

Volunteer rapporteurs required!

- To collect notes and observations from the breakout session groups.
- **Can you help?**
- We would like to collect this via Google Docs.
- Send me your email and I can invite you to edit/create documents there.
- Or digitize notes after the meeting and upload them then.

We will supply you with a question or discussion point to focus the work of the break out discussions

Breakout Session - Hackathon

- Rob will provide an introduction to the organisation of this session – in the afternoon
- Description on a sheet – for information
- Different groups of people

**Return from
lunch at 14:15**

Thank you to all our
speakers and you, the
audience, for an excellent
start to the workshop!
